

Typo in Overlady Error report, InvalidConfigException

Details:

Bug ID: BG_FU_3
Type: Bug
Project: “Overlady” Discord bot
Priority: Middle
Affects versions: None
Component/s: Config Extension commands
Labels: Reproducible, New
Status: New

Environment:

Windows 11 Pro 22H2.13155

WSL: 2.0.14.0

Docker Engine version: 24.0.7

People:

Assignee: None
Reporter: Zirochka

Description:

The Error report about an incorrect command change in the config contains a typo. The error description identifies the area that needs to be checked to resolve the issue. However, the section `bot.commands` does not exist. Need to specify the path to the `bot.command` section.

Location:

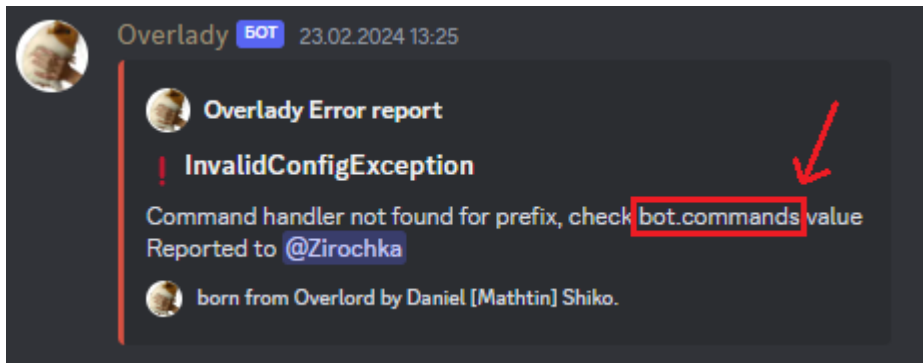

Config Extension commands - Overlady Error report - InvalidConfigException

Steps to reproduce:

[A typo was found inside this bug](#)

Actual Result:

The section you need to check contains an incorrect name “`bot.commands`”.

Expected result:

The section should be named "bot.command" to indicate the correct path to the user's problem
